

Salary Package your existing vehicle.

Package your current financed or fully owned vehicle to easily save you time and money.

3 Easy Paywise Steps.

1

The vehicle is purchased from you by our finance provider. If you own the vehicle outright you will receive the agreed market value. Even if your existing vehicle is still under finance you may qualify for a sale and leaseback.

2

You will then have your finance and running costs added to one simple payment. Paywise notifies your employer to commence deductions.

These deductions cover all running cost to make your life hassle free.

3

Enjoy the benefits, use the extra money to go on holiday, add it to your mortgage or perhaps save it for a rainy day - the savings are in your hands.

The Benefits

Lease payments

Fuel

Insurance

Registration

Service/
Maintenance

Tyres
